This is to acknowledge the guest lecture given by Dr. Damian Kedziora on 21.05.2019 at Gdansk University in Poland, Faculty of Philology. The lecture was conducted for Bachelor's Degree students of Finnish Language Studies.

Dr. Kedziora presented Nordic Presence of his company NORIAN, discussed its key operations and products, as well as the context of corporate culture of Polish Delivery Centers in Torun and Warsaw. He summarized key definitions related to software robots, machine learning and artificial intelligence. He also shared the academic and social practicalities of life in Finland.

The lecture was in a form of workshop, brainstorming and free discussion. Students enjoyed and actively discussed the interesting topics. We cordially appreciate the support and great professionalism of Dr. Kedziora.
